OUR SERVICE FLAG

Arrangements are being made to keep a complete record of all Indians who serve in the army or navy during the war.

Wheat farmers in some of the grain districts of the Northwestern States are buying advertising in newspapers, urging consumers to save food.

There is no Federal legislation regulating the playing of the national anthem, but some States have statutes forbidding playing it as a part of a medley.

Mike Cunningham, a young man living near Canton, Trigg county, and who deserted from Camp Zachary Taylor near Louisville, the 14th of last November, was captured last Saturday night at a party at Floyd Ezell's, several miles from Canton.

With the first of the Eagle boats, the new type of super-submarine chasers for the navy, scheduled for launching in June, Henry Ford, the builder, has assured Secretary Daniels it would be possible under great stress to turn the craft out at the rate of three a day. Next Monday Mr. Daniels will inspect the Ford plant near Detroit where construction is in progress.

One thousand French civilians from the occupied districts of northern France have been sent to Russia by the Huns and are being forced to perform hard labor, according to information obtained by Baron Cechin, a former cabinet member. These civilians, 400 of whom are women, are among those whom Germany offered to exchange for Alsians who have escaped to France. They were sent to Russia after the rejection of the proposal which Germany attempted to place before the French government through the holy see and Baron Cechin.

Dispatches to Les Nouvelles state that on the occasion of the last entente allied air raid on Coblenz 26 persons were killed and 100 wounded. Great damage was done, the railroad station being demolished. In the last raid on Treves 60 persons were killed and hundreds were wounded, the railroad station was damaged and streets in the neighborhood were heaped with ruins. In the raid last week the Cologne station was hit and many buildings were demolished. A troop train standing in the station was struck and many occupants were killed or wounded. The emperor visited the spot the following day.

After several days of comparative inactivity along the battle front in Flanders, Thursday, bitter fighting was resumed along the western sector of the salient in the lines of the entente allies. Attacks by the Germans against the British and French are admitted to have yielded some gains in the invaders in the critical sectors just to the east of the city of Amiens. The fighting, according to latest reports, has been heaviest in the neighborhood of Hamel, where the British were forced back slightly and in the triangle formed by the Rivers Luce and Avre, further to the south where the French were forced to give ground.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui.

By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone. I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133 (Advertisement)

PRINCESS TODAY.

From a would-be modern Cleopatra trifling with Fate and forever in pursuit of pleasure to an unselfish and devoted woman wrapped up in her two small children—that is the character transition portrayed by the versatile Norma Talmadge in her screen impersonation of the heroine of "The Moth." Abounding in emotional possibilities and dramatic incidents, the plot is calculated to give the charming young star an opportunity to add one more artistic interpretation to her already amazing list of successes. The story of the scenario is one that will focus the attention and delight the imagination. Lucy Gillam, the Moth, is a capricious heiress still in her teens and without parental guidance when she becomes fascinated by the subject of the Egyptian Cleopatra who "flirted her way to immortality." A passage in one of her textbooks about the famous queen so excited Lucy's imagination that she immediately started in search of her Anthony.

SAVE THE FOOD.

Little cubes of sugar,
Little grains of wheat—
Save them with the bacon
And other kinds of meat.

Ill-fed fighters weaken,
Ill-fed nations yield;
It's up to us to keep our Allies
Strong to take the field.

Every dinner table
Wherever people eat
Will help decide the verdict—
Victory or defeat.

COMPANY FUND MAKES THREE TRIPS ACROSS OCEAN.

(By International News Service.)

Corvallis, Ore., April 5.—Relatives of the boys who went from here to France hope that the \$250 which was gathered as a Christmas present for the soldiers has reached them at last. It reached them once, and then came back, and now should have reached them again.

The money was sent to the boys of K Company, which went from here as militia. It got to New York just after the boys sailed for France. When it finally reached them "over there," Captain Murphy decided it was too late for Christmas money, and sent it back.

Now Corvallis folk have returned it to France again, telling Captain Murphy to keep it and spend it for anything the boys desire.

MILKSHAKES TOO HIGH, SOL KICKS—NOW IN JAIL.

(By International News Service.)

Portland, Ore., April 5.—Sol Salms does not approve of war prices affecting such things as milkshakes. Sol went into a former saloon and ordered one. They taxed him fifteen cents for it. Sol then kicked the window out and landed in jail.

SERVED PART OF MURDER SENTENCE, THEN ACQUITTED.

(By International News Service.)

Carrollton, Ill., April 5.—After being a prisoner for two and a half years on a charge of wife murder, Antonio Ahrling has been released and acquitted. He had three trials, the first two finding him guilty. The evidence was entirely circumstantial.

MILLIONS SPENT DAILY OVER 5 AND 10 CENT SHOP

BATHING SUIT REVIEW CALLED OFF BECAUSE OF TOO MUCH PUBLICITY.

(By International News Service.)

Portland, Ore., April 5.—Portland's "bathing suit review" is off. After Mayor Baker had appointed Commissioners Harbair and Kelleher a committee of two to arrange for a "showing" of designs that would be both patriotic in their economy of cloth and modest in contour, and after the two commissioners had invited city officials from Seattle, Tacoma, San Francisco and Los Angeles to be present and help pick out a suitable bathing suit for the public swimming pools, the whole thing was spoiled by too much publicity.

Mayor Baker got so many letters from Mrs. Grundys and from other people who didn't think a showing of bathing suits on living models would be just the thing, that he lost heart—or nerve—and called it all off. And now Portland is going to buy regulation bathing suits for its swimming pools. And listen—here's the secret:

All the suits, for men, women, boys and girls, are going to be cut from the same pattern; they're all going to be of the "one piece" variety.

DEMAND MORE CARS OR FAILURE OF LIBERTY LOAN.

(By International News Service.)

Baker, Ore., April 5.—A new way to get relief from the car shortage has been evolved by business men of Baker and Union counties. In closing an appeal for more cars, so products of the local mills may be moved and prevent the plants from closing down, millmen have said that if the cars do not come the Third Liberty Loan may fail in their region. The reasoning is like this:

"If we don't get cars to move our stuff the mills can't operate: if the mills don't operate there won't be any payrolls, and if there are not any payrolls, nobody will have any money with which to buy Liberty Bonds."

METHODIST DOLLAR BILLS WOULD REACH 5,518 MILES.

(By International News Service.)

Memphis, Tenn., April 5.—The Methodist Episcopal Church, South, which has appropriated \$50,000,000 for domestic and foreign missions, would be able to lay a straight line of dollar bills 5,518½ miles long, that would reach from Memphis to Berlin with 400 miles to spare.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and

awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

—Mrs. LIZZIE COURTNEY, 108 5th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

"PRICES LOW IN FRANCE," IS WORD FROM OUTPOST.

(By International News Service.)

Terre Haute, Ind., April 5.—"Seventy-five yards behind the front line trenches you can buy anything from a toothpick to an elephant at prices lower than in the States."

Sitting in a telephone outpost at the edge of No Man's Land on the American front in France, Charles Gleason, son of William A. Gleason, of Terre Haute, penned this message to his parents.

The hour was 2 a. m., and he was "cooking up" a pot of tea in a petrol can and writing a letter to the folks at home to cheer him on his lonely vigil.

BAN SHERBETS AND ICES.

(By International News Service.)

Indianapolis, Ind., April 5.—Because sherbets and ices possess no food value they will not be served over Indiana's soda bars this Summer. This was decided upon at a meeting of the Indiana Association of Ice Cream Manufacturers. They will continue making ice cream and other products having food properties.
